

## Senior UI/UX designer Andrii I.

A designer with over 10 years of experience in graphic design (illustration, branding, character design, etc), animation (2D games, interface), and UI/UX design. Passionate about designing while considering the latest trends and techniques. I help startups, companies and teams build simple and effective user-centered products. I demonstrate successful end-to-end UX/UI delivery on projects from discovery, ideation, and prototyping to testing and production.
